From 5-5:30 pm
LAKE CITY HIGH SCHOOL PRESENTS
"STOMP"
opening the this year's Music Walk on
Friday, January 27
at the Plaza Shops Courtyard

STOMP is an alternative music performance group at Lake City High School that stresses creativity, teamwork, student leadership skills, and performance. It is made up of 28 students who apply to get into the program. In order to be considered, they must demonstrate creativity, a good work ethic and a strong desire to participate

Taking inspiration from the Blue Man Group, the Stomp dance troupe combines frenzied tribal rhythms, beat boxing and semi a cappella singing, all wound around emotive facial expressions and body movements, and punctuated by the occasional scream. Instead of traditional instruments, the group uses various items from oil drums to trash cans; from bike wheels to a hazmat lid. The only actual instruments used are African drums and percussion sticks.

MUSIC WALK 2012 DATES
